<b>Rounds</b>	<b>Description</b>	<b>No. of participants</b>	<b>Venue</b>
1	The Line Follower Robot Competition challenges participants to design and build an autonomous robot capable of following a predefined path accurately and efficiently. The robot must detect and track a line laid on the arena using sensors and complete the course in the shortest possible time without human intervention. The competition tests participants' skills in robotics, sensor integration, control algorithms, and problem-solving, encouraging innovation, precision, and technical excellence	20	Nice Seminar Hall
