Competition 2	
Competition Name	**Lumina-Keys (Key Board Assembling)**
Tagline	"Where Metal Meets Motion."
Description	Lumina-Keys, your speed is just as important as your precision. This is a mechanical sprint to see who can assemble a flawless, high-speed deck under pressure.

Rules / Guidelines	**Team Size:** Group
	
	 ● **Rounds:**
	
	 Level 1: **Designing the Layout**
	      o Participants will create a layout design for a keyboard, including placement of keys
	      o Design can be drawn by hand on paper.
	 Level 2: **Assembling the Keycaps**
	      o Using the provided keycaps, participants will physically assemble the keys onto the keyboard structure according to their design from Level 1.
	
	 All necessary components (keycaps, switches, case, etc.) and tools will be provided by the organizers.
	 Participants are not allowed to bring their own tools or materials unless specified.
